### How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### Risk rating

IA Clarington Investments Inc. has rated the volatility of this fund as **medium**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What are the Risks of Investing in this Fund?" and "Who Should Invest in this Fund?" sections of the fund's simplified prospectus.

### No guarantees

Like most mutual funds this fund doesn't have any guarantees. You may not get back the amount of money you invest.

IA CLARINGTON CANADIAN DIVIDEND FUND - SERIES A UNITS

How has the fund performed?

This section tells you how Series A units of the fund have performed over the past ten years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

This chart shows how Series A units of the fund performed in each of the past ten calendar years. The fund dropped in value in four of the ten years.

The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Series A units of the fund in a 3-month period over the past ten years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	11.81%	March 29, 2019	your investment would rise to \$1,118
Worst return	-21.30%	March 31, 2020	your investment would drop to \$787

Average return

A person who invested \$1,000 in Series A units of the fund on April 28, 2006 would have had \$1,700 on April 30, 2021. This works out to an annual compounded return of 5.45%.

Who is this fund for?

Investors who:

- Seek dividend income and the possibility for capital appreciation\*;
- Have medium risk tolerance;
- Plan to invest over the medium to long term.

\*Distributions on this series are expected to include a return of capital, which can erode the value of your investment.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the fund. The fees and expenses, including any commissions, can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

You have to choose a sales charge option when you buy the fund. Ask about the pros and cons of each option.

Sales charge option	What you pay		How it works
	in percent (%)	in dollars (\$)	
<b>Front End Option</b>	0% to 5% of the amount you buy	\$0 to \$50 on every \$1,000 you buy	You and your representative decide on the rate. The initial sales charge is deducted from the amount you buy. It goes to your representative's firm as a commission.
<b>Low Load Option</b>	If you hold your investment for 3 years, you do not pay a redemption fee. If you sell within 3 years of purchase, you have to pay a fee. If you sell within: 1 year of buying: 3.00% 2 years of buying: 2.50% 3 years of buying: 2.25% After 3 years: nothing	\$0 to \$30 on every \$1,000 you bought; amount depends on the date of redemption	IA Clarington Investments Inc. pays your representative's firm a commission of 2.5% of the amount you invest. The commission is not deducted from your investment. You pay IA Clarington Investments Inc. a redemption fee (calculated as a percentage of the amount invested) if you sell your investment within three years of purchase, or switch your investment to another sales charge option. You can switch to securities of another fund under the Low Load Option without paying any redemption fees at the time of the switch. The low load sales charge schedule will be based on the date you bought the first fund.

**IA CLARINGTON CANADIAN DIVIDEND FUND - SERIES A UNITS**
**1. Sales charges (cont'd)**

<b>Deferred Sales Charge Option</b>	<p>If you hold your investment for 7 years, you do not pay a redemption fee. If you sell within 7 years of purchase, you have to pay a fee. If you sell within:</p> <p>1 year of buying: 5.75%                  2 years of buying: 5.50%                  3 years of buying: 5.00%                  4 years of buying: 4.50%                  5 years of buying: 4.00%                  6 years of buying: 3.50%                  7 years of buying: 2.00%                  After 7 years: nothing</p>	\$0 to \$57.50 on every \$1,000 you sell	<p>The deferred sales charge is a set rate. It is deducted from the amount you sell. When you buy the fund, IA Clarington Investments Inc. pays your representative's firm a commission of 5%. Any deferred sales charge you pay goes to IA Clarington Investments Inc. You can sell up to 10% of your units each year without paying a deferred sales charge. You can switch to securities of another fund under the Deferred Sales Charge Option at any time without paying a deferred sales charge. The deferred sales charge schedule will be based on the date you bought the first fund.</p>
-------------------------------------	--	--	--

**2. Fund expenses**

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As at March 31, 2021, the fund's expenses were 2.83% of its value. This equals \$28.30 for every \$1,000 invested.

	Annual rate (as a % of the fund's value)
<b>Management expense ratio (MER)</b> This is the total of the fund's management fee (including the trailing commission), fixed administration fee and operating expenses.	2.76%
<b>Trading expense ratio (TER)</b> These are the fund's trading costs.	0.07%
<b>Fund expenses</b>	<b>2.83%</b>

**More about the trailing commission**

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you. IA Clarington Investments Inc. pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment. The rate depends on the sales charge option you choose.

Sales charge option	Amount of trailing commission	
	in percent (%)	in dollars (\$)
<b>Front End Option</b>	1.00%	\$10 each year on every \$1,000 invested
<b>Low Load Option</b>	First 3 years: 0.50% Afterward: 1.00%	\$5 each year on every \$1,000 invested \$10 each year on every \$1,000 invested
<b>Deferred Sales Charge Option</b>	First 7 years: 0.50% Afterward: 1.00%	\$5 each year on every \$1,000 invested \$10 each year on every \$1,000 invested

**3. Other fees**

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fee	What you pay
<b>Short-term trading fee</b>	We may charge up to 2.00% of the value of units if there is a pattern of excessive redemptions/switches within 90 days of buying them. This fee goes to the fund.
<b>Switch fee</b>	Your representative's firm may charge you up to 2.00% of the value of units you switch.
