### What does the fund invest in?

The Fund's objective is to provide long-term capital appreciation by investing primarily in equity securities, generally common stock, of companies of any size located outside Canada and the United States. The Fund will invest up to 100% of its assets in foreign securities and may invest up to 30% of its assets in emerging markets equities.

The charts below give you a snapshot of the fund's investments on June 10, 2024. The fund's investments will change.

#### Top 10 investments (June 10, 2024)

### How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### Risk rating

IA Clarington Investments Inc. has rated the volatility of this fund as **medium**.

Because this is a new fund, the risk rating is only an estimate by IA Clarington Investments Inc. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	Low to medium	<b>Medium</b>	Medium to high	High
-----	---------------	---------------	----------------	------

For more information about the risk rating and specific risks that can affect the fund's returns, see the section "What are the Risks of Investing in this Fund?" of the fund's simplified prospectus.

### No guarantees

Like most mutual funds this fund doesn't have any guarantees. You may not get back the amount of money you invest.

### How has the fund performed?

This section tells you how Series A units of the fund have performed. However, this information is not available because the fund is new. The performance of Series E units would be similar to the performance of Series A but would vary as a result of the difference in the combined management and administration fees compared to Series A units as disclosed in the fee decrease table under "Fund Expenses" below.

#### Year-by-year returns

This section tells you how Series A units of the fund have performed in past calendar years. However, this information is not available because the fund is new.

#### Best and worst 3-month returns

This section shows the best and worst returns for Series A units of the fund in a 3-month period. However this information is not available because the fund is new.

#### Average return

This section show the value and annual compounded rate of return of a hypothetical \$1,000 investment in Series A units of the fund. However, this information is not available because the fund is new.

IA CLARINGTON LOOMIS INTERNATIONAL GROWTH FUND - SERIES A AND E UNITS

Who is this fund for?

Investors who:

- Seek the possibility for capital appreciation;
- Have a medium risk tolerance;
- Plan to invest over the medium to long term.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series A and E units of the fund. The fees and expenses, including any commissions, can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

As part of the Program, we may automatically switch your investment in Series A into Series E when your aggregate eligible investment in IA Clarington Funds reaches \$100,000, if at that time, Series E has a lower management fee.

If your aggregate eligible investment no longer meets the eligibility threshold, we may switch your investment back into another series, which may have a higher management fee. See the fee decrease table under "Fund Expenses" below.

Please see **Switching Between Mutual Fund Series** under the heading "Purchases, Switches and Redemptions" and "Fees and Expenses" of the Simplified Prospectus and speak to your representative for additional details.

1. Sales charges

Series A and E units are only available under the Front End Option.

Sales charge option	What you pay		How it works
	in percent (%)	in dollars (\$)	
Front End Option	0% to 5% of the amount you buy	\$0 to \$50 on every \$1,000 you buy	You and your representative decide on the rate. The initial sales charge is deducted from the amount you buy. It goes to your representative's firm as a commission.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns. Series A has higher combined management and administration fees than Series E.

The fund's expenses are made up of the management fee, fixed administration fee, other operating expenses and trading costs. The annual management and administration fee of Series A is 1.85% and 0.25%, respectively. Because the fund is new, its operating expenses and trading costs are not yet available.

The table below sets out the combined management and administration fee decrease after automatic switch.

Investment	Series	Combined management and administration fee decrease (%)
Up to \$99,999	N/A	N/A
\$100,000 (may be across aggregate eligible investments in IA Clarington Funds)	E	A - 0.10%

More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you. IA Clarington Investments Inc. pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment. We no longer pay trailing commissions to discount brokers.

Sales charge option	Amount of trailing commission	
	in percent (%)	in dollars (\$)
Front End Option	1.00%	\$10 each year on every \$1,000 invested

**3. Other fees**

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fee	What you pay
<b>Short-term trading fee</b>	Up to 2.00% of the value of units you sell or switch within 30 days of buying them. This fee goes to the fund.
<b>Switch fee</b>	Your representative's firm may charge you up to 2.00% of the value of units you switch.

**What if I change my mind?**

**Under securities law in some provinces and territories, you have the right to:**

- withdraw from an agreement to buy mutual fund securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory. For more information, see the securities law of your province or territory or ask a lawyer.
