Management Discussion of Fund Performance

The management discussion of fund performance for IA Clarington U.S. Equity Class (the "Fund") represents management's view of the significant factors and developments affecting the Fund's performance and outlook for the 12-month period ended March 31, 2023. IA Clarington Investments Inc. is the manager (the "Manager") of the Fund.

Series EFX, Series EX, Series P and Series X of the Fund are closed to new investors. Investors who currently hold these series may purchase additional shares. Series L and Series L6 of the Fund are closed to new purchases.

Investment Objective and Strategies

The Fund's investment objective is to obtain capital preservation and appreciation by investing primarily in U.S. equities.

The Fund's strategy is to invest primarily in U.S. companies with a proven track record and superior financial quality with an ability to pay dividends.

The Fund's Portfolio Manager is Industrial Alliance Investment Management Inc. ("IAIM" or the "Portfolio Manager") and its Sub-Advisor is QV Investors Inc. ("QV" or the "Portfolio Sub-Advisor" or the "fund manager").

Risk

The overall risk of investing in the Fund remains as described in the prospectus.

The Fund is suitable for investors seeking the possibility for capital appreciation with exposure to U.S. equities, with a medium risk tolerance and planning to invest over the long term.

Results of Operations

The Fund's Net Assets increased by 23.7% or \$10.7 million during the period, from \$45.2 million on March 31, 2022 to \$55.9 million on March 31, 2023. This change in Net Assets resulted from an increase of \$10 million due to net sales, a decrease of \$1.6 million due to distributions and an increase of \$2.3 million due to investment operations, including market volatility, income and expense.

The average Net Asset Value of the Fund increased by 1.9% or \$0.9 million in comparison to the prior period, from \$46.6 million to \$47.5 million. Average Net Asset Value influence revenue earned and expenses incurred by the Fund during the period.

Series A shares of the Fund returned 5.3% for the 12-month period ending March 31, 2023. The performance of the other series of the Fund is substantially similar, save for differences in fees and expense structure. Refer to the "Past Performance" section for performance information of each series.

The Fund's benchmark, the S&P 500 Index (CAD), returned 0.0% for the same 12-month period. The Fund's return calculation for all series includes fees and expenses, which are not applicable in generating a return for the benchmark.

Equities were generally under pressure as the S&P 500 Index declined over 20% (in U.S.-dollar terms) early in the period, although the downside was later mitigated by a strong rally. U.S. inflation peaked above 9% during the period, but high inflation continued to affect household demand and the ability of corporations to maintain real profit growth. Toward the end of the period, significant challenges facing U.S. regional banks forced the U.S. Federal Reserve (the Fed) to guarantee deposits and prevent a more widespread run on the banking system.

The Fund's security selection across most sectors, particularly consumer discretionary and health care, contributed to performance. Individual contributors included Starbucks Corporation and PACCAR Inc., as both generated record

revenues. Merck & Co. Inc. delivered strong operating and financial results throughout the period.

Security selection in the communication services and utilities sectors detracted modestly from performance. The Fund's underweight exposure to the information technology sector also detracted. Individual detractors included Bank of America Corp., which got caught up in the sell-off amid turmoil in U.S. regional banks. Meta Platforms Inc. shifted its strategic focus towards significant investment in developing metaverse-related products, which were likely to drive significant losses for the foreseeable future.

New positions included Micron Technology Inc., a leading semiconductor manufacturer that operates in a stable oligopoly with high barriers to entry. Netflix Inc. provides internet streaming services for movies, television shows, and other entertainment content. The share price fell precipitously during the period, providing an attractive entry point, in the fund manager's view. Lennox International Inc. manufactures heating, ventilation, air conditioning and refrigeration solutions, and is the third-largest provider in residential end markets. The business has a history of highly profitable growth.

Increased positions included Starbucks, which showed increased strength of franchise considerations and an improved valuation. The Fund's position in The Walt Disney Company was also increased as Disney was expected to deliver attractive growth over the next few years. Positions in Alphabet Inc., Johnson & Johnson, Home Depot Inc., Unilever PLC, Oracle Corporation and Thor Industries Inc. were also increased on improved valuations.

Decreased positions included Altagas Ltd., Chevron Corp., EOG Resources Inc. and Exxon Mobil Corp. as shares began to better reflect oil prices and the economic outlook. Health care companies Centene Corporation, UnitedHealth Group Inc. and McKesson Corporation were trimmed as strong earnings growth and expectations supported increasing valuation multiples. Aflac Inc. and Autozone Inc. were trimmed as valuations rose considerably.

Eliminated positions included Meta Platforms owing to rising uncertainty in the company's long-term outlook. Loews Corporation and MSC Industrial Direct Co. Inc. were sold, and the proceeds were redeployed into more attractive opportunities.

For the period of February 13-14, 2023, the IA Clarington U.S. Equity Class was in an overdraft position of 7.2% of the Fund's Net Assets. Interest charges for the period amount to approximately CAD \$463 which was covered by the Manager.

Recent Developments

Although inflationary pressures seem to be decelerating, the current malaise in the U.S. regional banking system challenges the Fed's ability to curb inflation without tipping the economy into recession. While equity valuations have somewhat improved, the fund manager acknowledges the current late-cycle macroeconomic backdrop and risks to high earnings expectations underpinning these valuations. As such, owning a diversified portfolio of high-quality and resilient franchises that have strong balance sheets and offer an appropriate margin of safety, remains desirable at this juncture.

Effective June 1, 2022, IA Clarington no longer offers purchases under the deferred sales charge option, including the low load option ("DSC") in accordance with the decision of the Canadian Securities Administrators to ban DSC sales. Existing DSC redemption schedules for sales made prior to June 1, 2022 will be permitted to run their course.

IA Clarington U.S. Equity Class

March 31, 2023

Effective May 31, 2022, Series L and Series L6 of the Fund were closed to new purchases.

Related Party Transactions

The Portfolio Manager is affiliated with the Manager as they are both under common control of Industrial Alliance Insurance and Financial Services Inc. ("Industrial Alliance").

For the provision of management services, the Manager received management fees from the Fund, based on the average Net Asset Values of the respective series. The management fees paid are disclosed in the financial statements.

The Manager paid the operating expenses of the Fund (the "Operating Expenses") in exchange for the payment by the Fund of a fixed rate administration fee (the "Administration Fee") to the Manager with respect to each series of the Fund, except for Series I and Series V, if applicable.

The Manager pays the operating expenses of the Fund, other than Fund Costs, in exchange for the payment by the Fund of a fixed rate administration fee (the "Administration Fee") to the Manager with respect to each series of the Fund, except for Series I and Series V, if applicable. The expenses charged to the Fund in respect of the Administration Fee are disclosed in the Fund's financial statements. The Administration Fee is equal to a specified percentage of the net asset value of a series, calculated and paid in the same manner as the management fees for the Fund. The Fund's most recent simplified prospectus contains further details about the Administration Fee.

In addition to the Administration Fee, each series of the Fund is responsible for its proportionate share of certain other operating expenses ("Fund Costs"). Further details about Fund Costs can be found in the Fund's most recent simplified prospectus. The Manager, at its sole discretion, may waive or absorb a portion of a series' expenses. These waivers or absorptions may be terminated at any time without notice.

During the 12-month period ended March 31, 2023, the Fund did not pay brokerage commissions to iA Private Wealth Inc.

In order to avoid duplication of management fees, if a Fund invests directly in a Reference Fund managed by IA Clarington or an affiliate it may purchase Series I Securities (or the equivalent) of the Reference Fund and will not be charged a management fee or a fixed expense charge in respect of those securities. Alternatively, if Series I Securities (or the equivalent) are not purchased in these circumstances, we make sure that there is no duplication of management fees. In addition, if a Fund invests in another mutual fund, it will not pay duplicate sales charges or redemption fees with respect to the purchase or redemption by it of securities in the Reference Fund.

Certain of the Funds have established or may establish standard broker-dealer agreements with iA Private Wealth Inc., a subsidiary of Industrial Alliance and related company. Pursuant to applicable securities legislation, the Funds may rely on the standing instructions from the IRC with respect to one or more of the following transactions:

- (a) trades in securities of iA Financial Corporation Inc.;
- (b) investments in securities of issuers during, or for 60 days after, the period in which a related party dealer acts as an underwriter in the distribution of such securities;
- (c) purchases or sales of securities of an issuer from or to another investment fund managed by IA Clarington.

The applicable standing instructions require that the above activities be conducted in accordance with IA Clarington policy and that IA Clarington advise the IRC of a material breach of any standing instruction. IA Clarington policy requires that an investment decision represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Funds.

Financial Highlights

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the periods indicated. The information in the following tables is based on prescribed regulations and as a result, is not expected to add down due to the increase (decrease) in net assets from operations being based on average shares outstanding during the period and all other numbers being based on actual shares outstanding at the relevant point in time. Footnotes for the tables are found at the end of the Financial Highlights section.

1 The per share data is derived from the Fund's audited annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"). Under IFRS, the Net Assets per share presented in the financial statements is the same as the Net Asset Value calculated for fund pricing purposes.

2 Net Assets and dividends are based on the actual number of shares outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of shares outstanding over the financial period. This table is not intended to be a reconciliation of beginning to ending net assets per share.

3 Dividends were paid in cash/reinvested in additional shares of the Fund, or both.

4 Dividends qualified for Canadian dividend tax credit, when applicable.

- This information is provided as at each period shown.
- Management expense ratios are based on total expenses (excluding dividends, commissions, withholding taxes and other portfolio transaction costs) and a proportion of underlying fund expenses (mutual funds & ETFs), where applicable, of each series for the stated period and are expressed as an annualized percentage of each series' daily average NAV during the period.
- The annual Management Fees and Fixed Administration Fees, excluding HST, for the Fund were 2.25% for Series A, 1.99% for Series E, 0.96% for Series EFX, 1.96% for Series EX, 0.99% for Series F, 0.99% for Series F6, 2.25% for Series L, 2.25% for Series L6, 0.16% for Series P, 2.25% for Series T6 and 2.22% for Series X.
- At its sole discretion, the Manager may have waived management fees or absorbed expenses of the Fund.
- The trading expense ratio represents total commissions incurred directly or indirectly by way of an underlying fund, as applicable, and other portfolio transaction costs expressed as an annualized percentage of the Fund's daily average NAV during the period.
- The Fund's portfolio turnover rate indicates how actively the fund manager manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a Fund's portfolio turnover rate in a period, the greater the trading costs payable by the Fund in the period, and the greater the chance of an investor receiving taxable capital gains in the period. There is not necessarily a relationship or correlation between a high turnover rate and the performance of a Fund. The value of any trades to realign the Fund's portfolio after a fund merger, if any, is excluded from the portfolio turnover rate.

Other - includes general administration, investment advice and profit.

Past Performance

The performance information shown (based on NAV) assumes that all dividends made by the Fund in the periods shown were reinvested in additional shares of the Fund. The performance information does not take into account sales, redemption, dividends or other optional charges, or income taxes payable by any investor that would have reduced returns or performance. How the Fund has performed in the past does not necessarily indicate how it will perform in the future.

The Fund's portfolio sub-advisor changed on May 30, 2019. This change may have impacted the Fund's performance.

Year-by-Year Returns

The bar charts show the Fund's performance for each of the periods indicated. The charts show, in percentage terms, how an investment made on the first day of each period would have increased or decreased by the last day of the period presented.

Forward-Looking Statements

This management report of fund performance may contain forward-looking statements which reflect the current expectations of the Manager (or, where indicated, the Portfolio Manager or Portfolio Sub-Advisor or fund manager) regarding the Fund's future growth, results of operations, performance and business prospects and opportunities. These statements reflect the current beliefs of the person to which the statements are attributed with respect to future events and are based on information currently available to that person. Forward looking statements involve significant risks, uncertainties and assumptions. Many factors could cause the Fund's actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements. These factors could include, among other things, general economic, political and market factors, including interest and foreign exchange rates, business competition, changes in government regulations or in tax laws. Please refer to the prospectus for a discussion of some specific risks that are associated with mutual funds. Although the forward-looking statements contained in this report are based upon what management currently believes to be reasonable assumptions, the Manager cannot assure current or prospective investors that actual results, performance or achievements will be consistent with these forward-looking statements.
